Abstract

It is our pleasure and work that we are presenting the report of computer fundamental and application. It is the syllabus of Bachelor in Computer Application (BCA) first semester program affiliated by Tribhuvan University. The main goal of this is to make students understandable about particular knowledge and concept of MS-DOS, MS-word, MS- Excel, MS-PowerPoint and Adobe Photoshop how to do works in lab or offices by using this computer software's. The main point view of this report is to make understand students how to do presentations, photo editing, keep record using software and save time it is the main view point of this practical lab.
